Dear Graeme,

I write to express both the Police Force's and my personal gratitude for the excellent work done by W.I.C.E.N. members during the recent floods in Northern Victoria.

The Displan Officer, Ken MACKEY, informs me that although not the role they would prefer to perform i.e. Voice Communications, W.I.C.E.N. members provided valuable assistance in the data transfer of registration information.

The effort by W.I.C.E.N. volunteers, and the fact they are volunteers who provide their own time and resources, is to be highly commended as in such circumstances it would have been extremely difficult to complete the registration of evacuees by any other method.

Please pass on my sincere gratitude to all your people involved and be assured that W.I.C.E.N. will continue to have a vital role in emergency response communications within Victoria.

Yours sincerely,
